OK, so here is how it works. You call 911 and our volunteers show up to help resolve your emergency. We will be there for you and your business no matter what, but we need your support.

Please send us your donation today ¹. We need it to help cover our costs of operations.

What does your donation support?

Emergency Response – Did you see one of our trucks at your business, or a neighboring business this year? When you call 911, we show up any time, day or night and take care of fires, carbon monoxide alarms, flooding related swift water rescue, vehicle fires and accidents, natural gas leaks, hazardous materials incidents, structural collapse, entrapment, and high angle rescue situations.

What else does your business get for your contribution?

Recognition – As an incentive to increase contributions we will publicly recognize you, our business donors, to help promote your positive community image. We will list all Bronze, Silver, Gold and Platinum level business donors in a, "Thanks for your support!" advertisement in the Springfield Sun and the Enterprise.

We will afford Silver, Gold and Platinum level business donors additional recognition by posting a "Thanks for your support!" message naming your business on the digital billboard in front of our firehouse. These messages will run for one week for Silver donors, two weeks for Gold donors and a month for Platinum donors.

Finally for our Platinum Level donors we will arrange for you and/or your executive team to be photographed with our Chief and our Company President using any of our trucks as background. We will present you with a framed copy of this photograph with our thanks, and we will submit the photograph to the local press for publication (please note that we can't guarantee publication).

Thank you for your support!
